20 March 1965

The Honorable Brockway McMillan  
Director  
National Reconnaissance Office  
Washington, D. C.

Dear Dr. McMillan:

With reference to your letter of 3 March 1965 requesting the technical data on FULCRUM, I am enclosing herewith a compilation of the charts employed in the Land Panel Briefing on 23 February.

As to the definitive reports from the contractors of work accomplished to date, I am informed that they have not been completed. Should you desire specific technical briefings, we would welcome the opportunity to have Mr. Maxey and his technical staff brief you as to any points you may ask. I trust that you will look upon Mr. Maxey and his staff as that technical arm of the NRO responsible for the FULCRUM program and for providing you with necessary briefings.

Faithfully yours,

(signed)

Marshall S. Carter  
Lieutenant General, USA  
Deputy Director

DEPARTMENT OF THE AIR FORCE  
WASHINGTON

FULCRUM

OFFICE OF THE UNDER SECRETARY

3 MAR 1965

Dear General Carter,

Up to this time, the NRO has received no technical data in written form on FULCRUM other than copies of briefing charts used in August 1964. I would appreciate copies of all the charts used in the very complete briefings to Dr. Land's panel on 23 February.

As I recall, the CIA contracts for studies on FULCRUM, as established during the summer and fall of 1964, were to terminate their first phases in January and February of 1965. I assume that these contracts all call for definitive reports from the contractors on the work accomplished. I would appreciate copies of these reports that are now available, and an indication of when the remaining reports might be made available to me.

Sincerely,

Brockway McMillan  
Director  
National Reconnaissance Office

General Marshall S. Carter  
Deputy Director  
Central Intelligence Agency
